

I wanted to voice my support for the proposed re-structuring plan that the ARRL has set forth for the FCC's consideration. I think it is a wonderful plan. I have read some others that are similar, but I believe the ARRL's plan holds true to how most amateur radio operators feel the future of Amateur Radio should look.

I also want to thank everyone involved at the FCC for the great job they do at protecting a wonderful resource such as Amateur Radio even through some of the most difficult budget times.

Respectfully,

Ashel C. Bishop
